

WORKING GENES

19TH RAM SALE 2026

INCHEOCH

TUES 8TH SEPTEMBER 5PM
ON-FARM SALE - ON-LINE BIDDING

41 TEXEL

47 LLEYN

Viewing Days:
Sunday 30th Aug 3pm
Thursday 3rd Sept 3pm
Or call to arrange a viewing.
Videos at www.incheochfarm.co.uk

GRASS FED ONLY

HARDY, ACTIVE TUPS BRED TO PERFORM

Functional Efficient Robust

How it Works:

- Bidding in £ pounds.
- The sale is being held with the help of Pentland Auctions, but purchases will be invoiced by Messrs Finlay McGowan. Please visit the office after the sale if attending.
- All rams will be guaranteed and covered for mortality for 3 months.
- Rams can be left on-farm until the end of September.
- We will try to facilitate delivery wherever possible.

We look forward to welcoming you On-Farm - Ram Parade 3pm

See Videos of Rams on Yourbid or Youtube 'Working Genes 2026'

Log-on to register, bid anytime, check your bid before 5pm Sept 8th

Health:

Our flock is MV accredited and we maintain a strict quarantine and testing procedure which has helped us avoid bringing on CLA and we believe we are free of OPA. Rams will have been injected 10 days prior to the sale with Cydectin LA, which gives a quarantine cover against sheep scab and worms. Rams will be drenched with Zolvix. Rams are on the Heptivac P system – next booster due in spring.

Sale Directions:

- Heading to Glenisla from Alyth, pass Incheoch on left, take next left signed 'Kilry' - sale venue first left at Parkhead Farm (PH11 8HS)
- What3words: colleague.giving.kilt
- Google Maps: Working Genes Ram and Bull Sale.

Pre Sale Ram Viewing:

- As you approach Incheoch (PH11 8HJ), take left signed Dykehead, and immediately left again, then 1st left to Shealwalls Farm.
- What3Words: trendy.worlds.happily

Welcome to the 19th **WORKING GENES** Ram Sale

"Our sheep program is based on progeny testing our own rams in commercial conditions. We rely heavily on the 'Father-Time, Mother-Nature' system to sort the Functional, Efficient and Robust types, while utilizing some of the latest selection technologies to ensure our sheep are doing the right things, well.

These rams are presented with no concentrates and all performance data available to help you find the right sheep for you."

to talk sheep, call...

Debbie 078 0178 3988

Sale by on-line silent-auction with Yourbid

Register now, bid from home or on-farm,
Bulls close 4.30pm
Texels close 5pm
Lleyns close 6pm

Stock on view sale day from 1pm
Ram Parade 3pm

Today we offer our entire ram production which includes:

41 Texels

- No-nonsense management promotes easy-lambing, robust rams & top performance from grass alone.
- Sale rams average Index £11.70 (benchmarked in the top 1% of breed).
- Fat depth for ease of finish— rams all fatter than fattest 25% of breed.
- Decades of CT scan data help deliver a sale group with top carcase attributes—sale rams average top 5% for muscle depth and top 10% gigot shape.
- Low FEC readings last autumn mean these rams not tested for worm resistance, but Findhorn & Hardcastle numbers reasonably reliable.

47 Lleyns

- ...from a 900 ewe Lleyn breeding programme, ruthlessly selected for:
Maternal Performance, Longevity, Ewe Efficiency & Easy Care Traits.
- Sale rams average top 10% for maternal & muscle ebvs, fattest 25%, below average ewe weight, above average BCS, top 5% Parasite Resistance.
- Stud Lleyn ewes average 68kg to tup at CS 3.2.
- 761 cross and pure lambs sold through Woodhead Bros in 2025 averaged 20.6kg dwt with 25% E/U, 73% R, 2% O and 99% 3L/H.
- 24 Society Inspected and registered.

***** All Rams Bluetongue Vaccinated *****

TEXEL SIRES – GUIDE

Fearn Findhorn – Findhorn was a standout for us at the Fearn sale—his wide nose-end and correctness of structure caught the eye, neat shoulders with phenomenal width of top and hind-leg muscularity fit our ideal model—and his figures match up.

Ultrasound scanned progeny support his off-the-scale muscle and fat depth ebvs, and CT scanned progeny give beyond top 1% muscle and fat weight figures. He is a son of Fearn Expert, who goes back to Glenway Boris—a sheep we tried to buy in Kelso. Findhorn is proving to be a very easy-lambing sire and a functional, easy-kept sheep to have around.

Silpho Granite – a Cambwell Trademark grandson whose 2 grannies bred 4 and 6 crops in a naturally bred and reared flock in Yorkshire. He was a big-made long ram with a great outlook, very true on his legs.

Lambing to him was easy, feeding into his top 1% Lambing Ease EBV, to join his top 1% fat & muscle depth and growth numbers. CT scanned progeny give him a top 5% spine length and gigot shape.

Incheoch Hardcastle – (right) A Findhorn son out of a very productive Dunsyre daughter (dam of Lot 27). He CT scanned really well, resulting in breed-leading ebvs for eye muscle area, gigot muscularity and spine length.

Index T	Terminal	<i>2 new Texel Indexes:</i>
Index R	Replacement	<i>£ Value = extra profit per lamb</i>
LE	Lambing Ease	<i>+ve = easier births</i>
Lit r	Litter Reared	<i>+ve = more lambs born/reared</i>
Mat	Maternal	<i>mothering & milk component of 8 week weight</i>
8 Week Weight		<i>+ve = higher weights at 8 weeks</i>
Scan weight		<i>+ve = heavier carcasses (post weaning)</i>
Muscle Depth		<i>from ultrasound: +ve = well muscled carcass</i>
Fat Depth		<i>+ve = more, -ve = less fat</i>
Gigot		<i>from CT scan: +ve = better shaped gigot</i>
Faecal Egg Count		<i>-ve = less worm eggs produced under a challenge</i>

- Lambing Scores:
1. Lambed Self
 2. Slight Assist
 3. Assist
 4. Difficult
 5. Caesarean

Lot	Tag	Sire	Dam
110	20852 Orange T2	Monty	22-16458 TEASER

Bwt - Birthweight +ve = heavier lambs at birth
 LE - Lambing Ease +ve = easier born lambs
 Lit b - Litter born +ve = more lambs born (avoid extremes)
 m'nal-Maternal est. of mothering & milk component of lamb's 8 wk weight
 8wk -8 Week Weight +ve = higher weights at 8 weeks (shearing)
 Wt -Scan weight (21 weeks) +ve = heavier carcasses (post weaning)
 Msc -Muscle Depth from ultrasound: +ve = well muscled carcass
 Fat -Fat Depth +ve = more, -ve = less fat (avoid extremes)
 P+ -an indicator of sheep more resistant to parasites, from ebvs
 for Faecal Egg Count and serum IgA (higher number is better)
 ewekg Mature Weight from ewes pre-tupping +ve = heavier ewes
 BCS Body Condition Score ewes pre-tupping +ve = fitter ewes
 Index - New Lleyen Index, designed to penalise larger ewes and extreme
 prolificacy, and promote good mothering and lamb carcass & growth.

Catalogue excerpt for Incheoch Legend - influential stock sire

Ewe Wt 68 kg

Most recent
tupping
weight of
ram's mother

	b/r	eff%	le/mother/vig
2012	2/2	1.15	021
2011	2/2	1.01	020
2010	2/2	1.13	021
2009	2/2	1.14	021
2008	2/2	1.09	000
2007	1/1	0.69	000

Mother's efficiency ratios:

Combined lamb weight at 100 days
Ewe weight at tupping

Key to Lleyn Data

With example of Incheoch Legend who had over 500 progeny recorded in our flock between 2010–2015. He was an outstanding performer in his day and a good benchmark to demonstrate the change in performance levels of the recorded lleyn population. His daughters have been excellent, long-lasting ewes, neither small nor too big and he took us from weaning lambs fit for the store ring to fit for slaughter.

Pedigree and
birth type (born
and reared)

EBV code

XXX = top 10%

XX = top 25%

X = top 50%

Shows how the EBV
compares with the
breed evaluation.

Mother's lambing scores:

Lambing ease

(0 = lambed unassisted)

Mothering ability

(0 = normal mothering behaviour)

Lamb vigour / ****Tail-length****

New for 2026, the 3rd digit now
scores length of tail, with '0' about
the hock and -1 slightly shorter.

- Positive scores mean better than average behaviour.
- Negative = assist / problems.

Mother's lambing
history, including
number of lambs
born and reared to
weaning.

Lleyn Stock Sires

Jedi – From the Nelless family at Thisleyhaugh. When we found a ram that was really good for worm resistance; good weights but low ewe weight; and in a long, low-to-the-ground frame with a cracking mouth—we thought we'd better have him. Finding that he was out of a 6-crop ewe was a great bonus. Pictured at Perth Show'23 as a 3-shear.

Nemesis - (right, and 2nd left in group picture).

A son of Jedi out of quite a different dam-line. His 4-crop mother is scored as a very good mother, and has top 1% maternal and fat figures. Look at this lot for low mature weights and high condition scores, with good mothering. The Nemesis sons are bright sheep with good carriage—and probably look bigger than they really are.

Monty – A big capacity son of a Reuben Saunders ram, Monty won the Lleyn section at Perth Show last year. He is a very robust, easy-fleshing type, and little wonder has high BCS ebv.

Meridian – His Lightfoot/Highlander pedigree makes this long, smart-headed sheep a useful outcross for us. His mother bred Lot 65. Low birthweights, high fats and good maternal figures mark his sons on paper—in the flesh, they are lighter made and very bright and alert.

Littlejohn – from Richard and Sue Evans' Stonehouse flock in Norfolk. A lighter-made ram who's figures also predict smaller ewes with high body condition score, together with high carcass fat and good maternal ebvs. Lambs are low birthweight with good gains, and easily finished at grass. His daughters have fitted into the flock well as gimmers this year—but I think his legacy is in how his son, Norseman has bred. Another son, Outlaw was used again this time and lambs look promising.

Norseman — by Stonehouse Littlejohn, out of a Jupiter ewe that brings a couple of really long-lasting, productive old grannies into his pedigree. Norseman was an easy pick to use as a lamb, having a strong top and a flashy white head, he always stood out—and his numbers backed that up. He went on to top last years' sale, selling to the Nelless family.

His figures show good growth and muscle, high fat and BCS (with an average ewe weight), and a top 10% maternal. Worm resistance is his trump card, with top 25% FEC S and IgA—giving us extra confidence in his high P+ Index of 195.

His picture (above), doesn't do him justice, and that's him to the left in the group picture.

Nifty — a medium framed, good carcass sheep, very easily fleshed, lending him to low ewe weight and high fat figures, with a good worm

resistance too. With a sire-line of Mustang—Lancer— Knave, and out of another Jupiter ewe, he offers a bit of a different line.

Marquis & Monarch — a set of twins by Legacy, a son of Knave and out of an Equity ewe. Their background brings together a line of sheep that have bred more shape, tightened wool, bared breaches, and left smaller-made, thick-set, easy-kept ewes

Marquis — the smaller, sweeter and slighter made of the two. He breeds very square-made hind-leg structure and is suiting some of the bigger framed ewes. Low ewe wt, high BCS and high fat figures.

Monarch — (pictured) Breed leading muscle depth and positive fat figures make his sons a good pick if you are looking for a bit more shape. Tight wool, bare breech and extra shape mark this lot out.
