

WORKING GENES

16TH RAM SALE 2023

INCHEOCH

**TUES 5TH SEPTEMBER 5PM
ON-FARM SALE - ON-LINE BIDDING**

54 TEXEL

57 LLEYN

Functional Efficient Breeding Stock

Viewing Days:
Sunday 27th August 3pm
Thursday 31st August 3pm
Or call to arrange a viewing.
Videos at www.incheochfarm.co.uk

GRASS FED ONLY

HARDY, ACTIVE TUPS BRED TO PERFORM

Functional Efficient Robust

How it Works:

- Bidding in £ pounds.
- The sale is being held with the help of Pentland Auctions, but purchases will be invoiced by Messrs Finlay McGowan. Please visit the office after the sale if attending.
- All rams will be guaranteed and covered for mortality for 3 months.
- Rams can be left on-farm until the end of September.
- We will try to facilitate delivery wherever possible.

We look forward to welcoming you On-Farm - Ram Parade 3pm

See Videos of Rams on Yourbid or Youtube 'Working Genes 2023'

Log-on to register, bid anytime, check your bid before 5pm Sept 5th

Health:

Our flock is MV accredited and we maintain a strict quarantine and testing procedure which has lately helped us avoid bringing on CLA and we believe we are free of OPA. Rams will have been injected within 10 days of the sale with Cydectin LA, which gives a quarantine cover against sheep scab and worms. Rams will be drenched with Zolvix morning of sale.

Rams are on the Heptivac P system – next booster due in spring.

Sale Postcode – PH11 8HS

From Perth take the A94, then the B954 north just before Meigle,
At the five ways roundabout at Alyth take the B954 signed Glenisla.

Pass a golf course on either side of you, then at the T junction take right to Glenisla (staying on B954).

Continue for 4 miles, passing Incheoch on left, take next left signed 'Kilry' - sale venue first left at Parkhead Farm.

Welcome to the 16th **WORKING GENES** Ram Sale

"Our aim is to provide genetic solutions to real on-farm challenges - wrapped up, trouble free and ready to work. To do this we:

- Aim to produce structurally sound sheep that haven't been forced.*
- Performance record profit driving traits, under working farm conditions - and progeny test in our own commercial flock..*
- Present rams straight from the paddock with all performance figures."*

Call Neil & Debbie to talk sheep....
01828 633652 / 07788 100010

Sale by on-line silent-auction with Yourbid

Register now, bid from home or on-farm,
Bulls close 4.30pm
Texels close 5pm
Lleyns close 6pm

Stock on view sale day from 1pm
Ram Parade 3pm
Barbeque from 4pm

Today we offer our entire ram production which includes:

54 Texels

No-nonsense management (no ET, creep or night-lambers) promotes easy lambing, robust rams & top performance from grass alone.

Sale rams average Index £7.93 (top 5%) - the average sale ram is benchmarked better than 95% of other performance recorded Texels.

All rams higher fat than breed average.

We have selected for lambing ease for decades. Now with a Lambing Ease EBV, the rams average in the top 1% of the breed.

57 Lleyns

...from an 1000 ewe Lleyn breeding programme, ruthlessly selected for:

Maternal Performance, Ewe Efficiency & Easy Care Traits.

Sale rams average top 25% on Index made up from:

- Top 25% for litter reared ...without many triplets.
- Top 10% for Maternal ability.
- Average mature weight with above average BCS.
= lambs on the ground, reared well, from a ewe that holds her condition.

18 Society Inspected and registered.

TEXEL SIRES – GUIDE

Easton Dunsyre – (right) A really alert, free-moving ram with length and width behind. Out of a 7-crop ewe who has 17 progeny to her name. Dunsyre has a set of numbers that places him 5th on the list of top stock sires in the UK. CT scan data has him pushing the boundaries for gigot shape, muscle area and number of vertebrae.

Fearn Captain – the first crop from this son of Incheoch Yannis (a V Day son) went down a storm last year. Captain is a really easy-fleshing type and his top 1% ebvs for gigot shape and muscle depth and area together with a high fat, means he is a good fit for our bigger ewes. Easy lambing, nice hair and good carcasses are Captain's footprint.

Cambwell Evolution – (right) A phenomenal fat-depth figure attracted us to this long, big-made ram. With a mother and grand-mother at 5 and 7-crops, and out of a flock we have admired for carcase, breediness and 'doing the right thing about mastitis'.

Incheoch Blizzard – Last crop from this stalwart. Long, great shape and wild as a stag! Out of a 6-crop ewe who has never been assisted to lamb, his daughters are turning into great flock-ewes.

FEC (worm resistance) is an important part of our selection criteria, but these rams failed to get to a sufficiently high worm burden at the right time to test. We therefore have not published FEC ebvs this year, but intend to in the future.

Lambing Scores:

1. Lambed Self
2. Slight Assist
3. Assist
4. Difficult
5. Caesarean

Index T	Terminal	<i>2 new Texel Indexes:</i>
Index R	Replacement	<i>£ Value = extra profit per lamb</i>
LE	Lambing Ease	<i>+ve = easier births</i>
Lit r	Litter Reared	<i>+ve = more lambs born/reared</i>
Mat	Maternal	<i>mothering & milk component of 8 week weight</i>
8 Week Weight		<i>+ve = higher weights at 8 weeks</i>
Scan weight		<i>+ve = heavier carcasses (post weaning)</i>
Muscle Depth		<i>from ultrasound: +ve = well muscled carcase</i>
Fat Depth		<i>+ve = more, -ve = less fat</i>
Gigot		<i>from CT scan: +ve = better shaped gigot</i>

Bwt - Birthweight +ve = heavier lambs at birth
 Surv - Lamb Survival +ve = higher likelihood of surviving to 8 wks
 Lit r - Litter reared +ve = more lambs reared (avoid extremes)
 m'nal-Maternal est. of mothering & milk component of lamb's 8 wk weight
 8wk -8 Week Weight +ve = higher weights at 8 weeks (shearing)
 Wt -Scan weight (21 weeks) +ve = heavier carcasses (post weaning)
 Msc -Muscle Depth from ultrasound: +ve = well muscled carcass
 Fat -Fat Depth +ve = more, -ve = less fat (avoid extremes)
 P+ -an indicator of sheep more resistant to parasites, from ebvs
 for Faecal Egg Count and serum IgA (higher number is better)
 ewekg Mature Weight from ewes pre-tupping +ve = heavier ewes
 BCS Body Condition Score ewes pre-tupping +ve = fitter ewes
 Index - New Lley Index, designed to penalise larger ewes and extreme
 prolificacy, and promote good mothering and lamb carcass & growth.

Mother's efficiency ratios:

Combined lamb weight at 100 days
Ewe weight at tupping

Key to Lleyn Data

With example of Incheoch Legend who had over 500 progeny recorded in our flock between 2010—2015. He was an outstanding performer in his day and a good benchmark to demonstrate the change in performance levels of the recorded lley population. His daughters have been excellent, long-lasting ewes, neither small nor too big and he took us from weaning lambs fit for the store ring to fit for slaughter.

Pedigree and
birth type (born
and reared)

EBV code

XXX = top 10%

XX = top 25%

X = top 50%

Shows how the EBV
compares with the
breed evaluation.

Mother's lambing scores:

Lambing ease

(0 = lambed unassisted)

Mothering ability

(0 = normal mothering behaviour)

Lamb vigour

(0 = no assistance)

- positive scores mean better than average behaviour.
- negative scores indicate assistance or problem.

Mother's lambing
history, including
number of lambs
born and reared to
weaning.

twin to last

Lleyn Stock Sires

Kaiser – (pictured), one of the picks of last years' sale to Paul Eckett from Somerset.

Knight— his twin brother. They were a great pair of lambs and we couldn't split them, so used both.

These two rams are twin brothers by Jacobite (son of the blocky homebred Highlander ram). Their mother is a Fearless daughter who bred Lots 75 & 76. Look in this pen for top maternal and high fat figures. They have bred a bit more scale; sharp, light bone; and proud outlook.

Kenmore - by Jura (who was Islay, HiJinx—the same sire-line as Islander), and out of a Hercules daughter. His sire breeds maternal style, good milking ewes and top worm-resistance—and the Hercules ewe backs all of these up. These are a really fleshy group of rams, still with a bit of 'Lleyn type' finesse.

Kintore - Pictured right. Same way bred as Kenmore, but a thicker-made ram. No surprise with the figures of muscle, maternal and worm-resistance. Euan Ferguson picked this ram for Torgorm last year.

Islander – this homebred senior stock ram is a trait leader for Parasite Plus index with good maternal and muscle too. His low ewe weight and high Condition Score figures are a testament to his pedigree which is stacked full of robust, long-lasting, hard working ewes, through rams like HiJinx, Gypsy King, Finnigan, Mustang and Legend. His mother weaned 14 lambs over 8 crops and never assisted.

Knave – sale topper last year to Duncan Nelless. From a sire-line that goes Jarl, Iceberg, Himalaya, Gael, Equity—picking up a pedigree stacked full of sensible, long-lasting, working ewes along the way. A sheep with a lot of class and lovely hair, he is wide and fleshy from behind and bare around the tail.

Breed Champion at Perth Show, Knave had top performance, in a sensible-frame ...with style. Shouldn't have sold him.

Kestral – Another son of Jarl (pictured), going to Richard Twose last year. A ram with an exceptionally long, level top, great skin and teeth. Good figures for muscling and maternal. His mother also bred Lots 77 & 78—she is a ewe who is really starting to make a mark.

Jedi – From the Nelless family at Thisleyhaugh. When we found a ram that was really good for worm resistance; good weights but low ewe weight; and in a long, low-to-the-ground frame with a cracking mouth—we thought we'd better have him. Finding that he was out of a 6-crop ewe was a great bonus. Pictured at Perth Show'23 as a 3-shear.

Reuben – from Reuben Saunders, Boakley Lleys. A son of Incheoch Gypsy King (a robust, traditional type), and out of a 6-crop ewe with a good in-flock efficiency index. Reuben is particularly low mature weight, high fat and low birth-weight. Pictured as a shearling.

'Have Gavel Will Travel'

Bidding from home

Option 1:

1) Log-in and Register

- Go to www.incheochfarm.co.uk
- Click on 'Go to Sale'
- Register at 'Register/Login' top right corner
- Register details and get a Buyer Number (next time you just need to Login).

2) Go to Demonstration Lots (end of Lot list) and practice.

- Click on a Lot to bid on it
- You can choose to confirm at the minimum increment (£50 rams, £200 bulls), or place a higher bid.
- After confirming, the Lot you hold will be highlighted green.

3) Pick your sheep or bull.

- Videos will be available on sale website (or Youtube)
- Come to a viewing day, or call bye.

4) Place a bid anytime on your smartphone or computer.

- RED lots: reserve price, no bid yet.
- BLUE lots: current bid, and buyer number
- ORANGE lots: new bid (changes to blue after 2 minutes)
- GREEN lots: YOU hold this lot (only visible to you and if you are logged-on).

Option 2:

- Follow the sale from your computer screen.
- Phone Debbie on 07801 783988 with any questions or to place a bid for you.
- Phone Graham or Fiona Burke of Pentland Auctions on sale day to place a bid on your behalf:

Graham: 07547 369295 Fiona: 07971 328277

Bidding Process

Attending the Sale

Option 1:

Bring a Device

- Sale day wifi password: workinggenes
- Screens around the pens and sale shed will show the sale progress.
- Login and bid from your phone in a pen of sheep!

Bidding Stations:

Someone will be manning a computer at a desk by the ram sale-ring and another in the barbeque shed. They will be able to deal with any bidding problems or queries and be able to place bids for you.

What happens if I click on the wrong button and bid on the wrong sheep?

Speak to someone on a bidding station or call Debbie — they can fix it.

Option 2:

No Device

- Register at a bidding station if you haven't got a buyer number beforehand.
- Fill in a bidding slip with Buyer Number, Lot Number and Bid—hand it to one of the team or at a bidding station.
- Keep an eye on the screens to see if your bid is still winning.

Or why not bring along a teenager / grandchild / girlfriend (not necessarily your own!) and have a go at Option 1

MAKE THE

INVISIBLE

Elanco

FACT YOU WON'T SEE WORM RESISTANCE ON YOUR FARM.
ZOLVIX™ REMOVES THE INVISIBLE RESISTANT WORMS IN
YOUR LAMBS.* TRY IT AND **SEE THE DIFFERENCE** ON YOUR FARM.

* Where worm burdens are reducing productivity the use of a fully effective wormer will improve productivity. Zolvix is known to kill all productivity limiting roundworms, even those that are resistant to other classes of wormer. Thank you for supporting our 16th ram sale.

We do what we do because we believe in it and love doing it—it's only through your support that it becomes a success.

Please give us a call or stop by for a chat and look around the farm — help us get our sale and breeding programme in line with your goals.

From all the team at Incheoch.
