

Sale Format

The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. The sale will be hosted via the Yourbid platform (www.yourbid.org). Once registered, online buyers will receive a buyer number via email which will automatically accompany each bid placed. All live bids will be visible at all times online. Online bidding will commence on the 30th August 10am and run until the conclusion of the sale on the 6th September 3pm once there has been a period of at least two minutes without a bid being received on any lot. If another bid is placed on any lot during the two-minute period, then time is extended, where bidding is open on all lots. Final time will be called clearly and discretion will be used to ensure all buyers are satisfied. We would encourage all buyers to register 24 hours in advance of the conclusion of the sale and place practice bids on our demonstration lots ahead of the sale day.

Viewing

Prior to the sale, all lots will be filmed for you to view online. The Tups will be available to view on 04/09/2024 6-8-pm or virtually any time by appointment for customers taking the trouble to travel to Orkney, so for a view appointment or more information phone me Home 01856751213 Mob. 07745272765

Terms & Conditions

The sale will be conducted in pounds. Bidding increments will automatically set to the following unless overwritten by the purchasers via Yourbid:

- Rams - £50

Notice to buyers – all purchases to be settled before removal of stock from Laga Farm if not previously arranged with Michael Cursiter. Any party successfully bidding on a lot will be deemed to be liable for that account.

For Rams that prove to be incapable of getting ewes pregnant, we will refund the purchase price minus the cull value. We may ask for the purchaser's vet to supply a letter to support the claim.

Invoicing

Laga Farms Ltd will invoice buyers within 48 hours of sale closing.

Collection & Delivery

We will be travelling up and down Scotland during September so will be offering free delivery for any tups purchased for the Scottish Mainland and Shetland. For further afield it would be up for negotiation, but we would definitely take them as far as Andrew Ewing's lairage facility in Annan.

Health Status

The flock is EAE & MV accredited and the tups are Heptavac P vaccinated and will be treated with Cydectin 2% LA solution shortly before the sale.
