

WORKING GENES

18TH RAM SALE 2025

INCHEOCH

TUES 9TH SEPTEMBER 5PM
ON-FARM SALE - ON-LINE BIDDING

50 TEXEL

50 LLEYN

Viewing Days:

Sunday 31st Aug 3pm

Thursday 4th Sept 3pm

Or call to arrange a viewing.

Videos at www.incheochfarm.co.uk

GRASS FED ONLY

HARDY, ACTIVE TUPS BRED TO PERFORM

Functional Efficient Robust

How it Works:

- Bidding in £ pounds.
- The sale is being held with the help of Pentland Auctions, but purchases will be invoiced by Messrs Finlay McGowan. Please visit the office after the sale if attending.
- All rams will be guaranteed and covered for mortality for 3 months.
- Rams can be left on-farm until the end of September.
- We will try to facilitate delivery wherever possible.

We look forward to welcoming you On-Farm - Ram Parade 3pm

See Videos of Rams on Yourbid or Youtube 'Working Genes 2025'

Log-on to register, bid anytime, check your bid before 5pm Sept 9th

Health:

Our flock is MV accredited and we maintain a strict quarantine and testing procedure which has lately helped us avoid bringing on CLA and we believe we are free of OPA. Rams will have been injected 10 days prior to the sale with Cydectin LA, which gives a quarantine cover against sheep scab and worms. Rams will be drenched with Zolvix. Rams are on the Heptivac P system and vaccinated for Bluetongue.

Sale Directions:

- Heading to Glenisla from Alyth, pass Incheoch on left, take next left signed 'Kilry' - sale venue first left at Parkhead Farm (PH11 8HS)
- What3words: colleague.giving.kilt
- Google Maps: Working Genes Ram and Bull Sale.

Pre Sale Ram Viewing:

- As you approach Incheoch (PH11 8HJ), take left signed Dykehead, and immediately left again, then 1st left to Shealwalls Farm.
- What3Words: trendy.worlds.happily

Welcome to the 18th **WORKING GENES** Ram Sale

“Our sheep program is based on progeny testing our own rams in commercial conditions. We rely heavily on the ‘Father-Time, Mother-Nature’ system to sort the Functional, Efficient and Robust types, while utilizing some of the latest selection technologies to ensure our sheep are doing the right things, well.

These rams are presented with no concentrates and all performance data available to help you find the right sheep for you.”

to talk sheep, call...
Neil 07788 100010
Debbie 078 0178 3988

Sale by on-line silent-auction with Yourbid

Register now, bid from home or on-farm,
Bulls close 4.30pm
Texels close 5pm
Lleyns close 6pm

Stock on view sale day from 1pm
Ram Parade 3pm

Today we offer our entire ram production which includes:

50 Texels

- No-nonsense management promotes easy-lambing, robust rams & top performance from grass alone.
- Sale rams average Index £10.74 (benchmarked in the top 1% of breed).
- Fat depth for ease of finish— rams all fatter than breed average.
- Decades of CT scan data help deliver a sale group with top carcass attributes—sale rams average top 1% for muscle depth and top 5% gigot shape.
- Individual FEC on these rams give reliable worm resistance ebv.

50 Lleyns

- ...from an 1000 ewe Lleyn breeding programme, ruthlessly selected for:
Maternal Performance, Longevity, Ewe Efficiency & Helpfulness Traits.
- Sale rams average top 25% on Index - targeted to hit the sweet-spots for fertility, lamb growth, ewe size and carcass finish.
- 21 rams out of ewes who have reared 5 crops or more.
- Stud Lleyn ewes average 68kg to tup at CS 3.3, scanning at 197%
- 780 cross and pure lambs sold through Woodhead Bros in 2024 averaged 20.8kg dwt with 38% E/U, 61% R, 1% O and 96% 3L/H, 4% 4 fat.
- 27 Society Inspected and registered.

***** All Rams Bluetongue Vaccinated *****

TEXEL SIRES – GUIDE

Fearn Findhorn –

Findhorn was a standout for us at the Fearn sale—his wide nose-end and correctness of structure caught the eye, neat shoulders with phenomenal width of top and hind-leg muscularity fit our ideal model—and his figures match up. Ultrasound scanned progeny support his off-the-scale muscle and fat depth ebvs, and CT scanned progeny give beyond top 1% muscle and fat weight figures. He is a son of Fearn Expert, who goes back to Glenway Boris—a sheep we tried to buy in Kelso.

Findhorn is proving a to be a very easy-lambing sire and a functional, easy-kept sheep to have around. We are disappointed he won't be on display at the sale as he has had semen collected for export to America this summer and a long period of isolation.

Easton Firebrand – by Cambwell Enigma out of a 5-crop Incheoch Action Man ewe, Firebrand was our pick at Kelso. Tremendous conformation, particularly depth of gigot—he has proven to be a trait leader for carcass traits, particularly gigot shape.

He has bred some lovely hair and character, with plenty shape. We found his lambs were a little broader between the eyes, causing more assistance at lambing, polarizing his Lambing Ease EBVs from Findhorn.

Incheoch Goldeneye – (right) This Dunsyre son was too impressive a lamb not to use, being out of a 3-crop Captain daughter (dam of Lots 41 & 42). He CT scanned really well, resulting in breed-leading ebvs for eye muscle area, gigot muscularity and length of loin (and number of vertebrae).

Index T	Terminal	<i>2 new Texel Indexes:</i>
Index R	Replacement	<i>£ Value = extra profit per lamb</i>
LE	Lambing Ease	<i>+ve = easier births</i>
Lit r	Litter Reared	<i>+ve = more lambs born/reared</i>
Mat	Maternal	<i>mothering & milk component of 8 week weight</i>
8 Week Weight		<i>+ve = higher weights at 8 weeks</i>
Scan weight		<i>+ve = heavier carcasses (post weaning)</i>
Muscle Depth		<i>from ultrasound: +ve = well muscled carcass</i>
Fat Depth		<i>+ve = more, -ve = less fat</i>
Gigot		<i>from CT scan: +ve = better shaped gigot</i>
Faecal Egg Count		<i>-ve = less worm eggs produced under a challenge</i>

Lambing Scores:
(as Lleyn):
0: Lambed self
-1: slight assist
-2: assist

Bwt - Birthweight +ve = heavier lambs at birth
 LE - Lambing Ease +ve = easier born lambs
 Lit b - Litter born +ve = more lambs born (avoid extremes)
 m'nal - Maternal *est. of mothering & milk component of lamb's 8 wk weight*
 8wk - 8 Week Weight +ve = higher weights at 8 weeks (shearing)
 Wt - Scan weight (21 weeks) +ve = heavier carcasses (post weaning)
 Msc - Muscle Depth *from ultrasound: +ve = well muscled carcass*
 Fat - Fat Depth +ve = more, -ve = less fat (avoid extremes)
 P+ - an indicator of sheep more resistant to parasites, from ebvs
 for Faecal Egg Count and serum IgA (*higher number is better*)
 ewekg Mature Weight from ewes pre-tupping +ve = heavier ewes
 BCS Body Condition Score ewes pre-tupping +ve = fitter ewes
 Index - *New Lleyn Index, designed to penalise larger ewes and extreme prolificacy, and promote good mothering and lamb carcass & growth.*

Mother's efficiency ratios:

Combined lamb weight at 100 days
Ewe weight at tupping

Key to Lleyn Data

With example of Incheoch Legend who had over 500 progeny recorded in our flock between 2010–2015. He was an outstanding performer in his day and a good benchmark to demonstrate the change in performance levels of the recorded lleyn population. His daughters have been excellent, long-lasting ewes, neither small nor too big and he took us from weaning lambs fit for the store ring to fit for slaughter.

Pedigree and birth type (born and reared)

EBV code

XXX = top 10%

XX = top 25%

X = top 50%

Shows how the EBV compares with the breed evaluation.

Mother's lambing scores:

Lambing ease

(0 = lambed unassisted)

Mothering ability

(0 = normal mothering behaviour)

Lamb vigour

(0 = no assistance)

- positive scores mean better than average behaviour.
- negative scores indicate assistance or problem.

Mother's lambing history, including number of lambs born and reared to weaning.

used as a lamb

Lleyn Stock Sires

Monarch – (pictured), by Legacy, a son of Knave. Monarch was Lot1 Lleyn in last year's sale and levelled out at top price. Unfortunately he sold to export and couldn't make the trip, so we happily used him again. His breed leading muscle depth and positive fat figures make his sons a good pick if you are looking for a bit more shape. With Equity, Hercules and Legend in the background, the maternal side shouldn't be any concern. Tight wool, bare breech and extra shape mark this lot out.

Marquis — twin brother to Monarch, was always on the keeping list. Smaller, sweeter and slighter made than his brother.

Duncan – The old timer did 6 seasons with us with 635 progeny analysed—so his high maternal EBV is pretty accurate. Duncan breeds excellent daughters, very attentive and milky and sensible looking ewes to boot.

Mustang – dam has 16 progeny to her credit (8 crops of twins), and both grandmothers 12 each. Look at this line if you are looking for some well proven longevity and high fats. Mustang, by Lancer, by Knave.

Marr - (foreground in picture) by Lairg (sire line: Kintore, Jura, Islay, HiJinx), and out a 5-crop Equity ewe with 5 sets of twins born and reared. Marr's figures put him well within the top 1% of the breed on Maternal Ability, with above average fat and high Body Condition Score

figures summing up a bloodline of robust ewes that hold condition and make a good job of rearing lambs. Long and wide, with a smart appearance mark out this group.

Jedi – From the Nelles family at Thisleyhaugh. When we found a ram that was really good for worm resistance; good weights but low ewe weight; and in a long, low-to-the-ground frame with a cracking mouth—we thought we'd better have him. Finding that he was out of a 6-crop ewe was a great bonus. Pictured at Perth Show'23 as a 3-shear, he has matured into a big bodied ram in a medium frame.

Machair – a son of Jedi, out of a Duncan ewe. He was picked to use as a particularly high IgA tested, long bodied ram. He had a lot of character and was my favourite ram of his year-group in the way he worked his ewes.

Littlejohn – from Richard and Sue Evans' Stonehouse flock in Norfolk. A lighter-made ram who's figures also predict smaller ewes with high body condition score, together with high carcass fat and maternal ebvs. Lambs are low birthweight with good gains, and easily finished at grass.

Logan – by Knave out of an Equity ewe, Logan is a small-framed, square-made ram with a lot of shape. He has proven to be low birthweight and breeds shapey, well-skinned lambs. Similar in type to Marquis.

2 sons of Lovat Scout (pictured below), who has left sheep with a bit of extra length, higher ewe-weights and lower fats but high ewe Condition Score.

McDuff— a deep bodied and very easy-going ram out of a tremendous young Ithika ewe who is making a mark in the flock.

McLeod – a sharp-made, long-bodied ram with very high Maternal ebv. His Ivanhoe sired mother gives him a high-end litter-size ebv, which has mostly been moderated by using on lower-litter ewes—and a pretty-much outcross pedigree.

Bidding from home

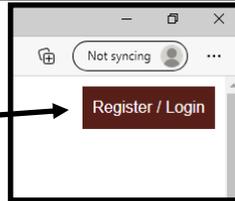

Bidding Process

Attending the Sale

Option 1:

1) Log-in and Register

- Go to www.incheochfarm.co.uk
- Click on 'Go to Sale'
- Register at 'Register/Login' top right corner
- Register details and get a Buyer Number (next time you just need to Login).

2) Go to Demonstration Lots (end of Lot list) and practice.

- Click on a Lot to bid on it
- You can choose to confirm at the minimum increment (£50 rams, £200 bulls), or place a higher bid.
- After confirming, the Lot you hold will be highlighted green.

3) Pick your sheep or bull.

- Videos will be available on sale website (or Youtube)
- Viewing days 25th and 29th Aug 3-8pm.

4) Place a bid anytime on your smartphone or computer.

- RED lots: reserve price, no bid yet.
- BLUE lots: current bid, and buyer number
- ORANGE lots: new bid (changes to blue after 2 minutes)
- GREEN lots: YOU hold this lot (only visible to you and if you are logged-on).

Option 2:

- Follow the sale from your computer screen.
- Phone Debbie on 07801 783988 with any questions or to place a bid for you.
- Phone Graham or Fiona Burke of Pentland Auctions on sale day to place a bid on your behalf:

Graham: 07547 369295 Fiona: 07971 328277

Option 1:

Bring a Device

- Sale day wifi password: workinggenes
- Screens around the pens and sale shed will show the sale progress.
- Login and bid from your phone in a pen of sheep!

Bidding Stations:

Someone will be manning a computer at a desk by the ram sale-ring and another in the barbeque shed. They will be able to deal with any bidding problems or queries and be able to place bids for you.

What happens if I click on the wrong button and bid on the wrong sheep? Speak to someone on a bidding station or call Debbie — they can fix it.

Option 2:

No Device

- Register at a bidding station if you haven't got a buyer number beforehand.
- Fill in a bidding slip with Buyer Number, Lot Number and Bid—hand it to one of the team or at a bidding station.
- Keep an eye on the screens to see if your bid is still winning.

Or why not bring along a teenager / grandchild / girlfriend (not necessarily your own!) and have a go at Option 1
